marilyn monroe the biography by donald spoto: The Girls Next Door Kara Dixon Vuic, 2019-02-04 The story of the intrepid young women who volunteered to help and entertain American servicemen fighting overseas, from World War I through the wars in Afghanistan and Iraq. The emotional toll of war can be as debilitating to soldiers as hunger, disease, and injury. Beginning in World War I, in an effort to boost soldiers' morale and remind them of the stakes of victory, the American military formalized a recreation program that sent respectable young women and famous entertainers overseas. Kara Dixon Vuic builds her narrative around the young women from across the United States, many of whom had never traveled far from home, who volunteered to serve in one of the nation's most brutal work environments. From the "Lassies" in France and mini-skirted coeds in Vietnam to Marlene Dietrich and Marilyn Monroe, Vuic provides a fascinating glimpse into wartime gender roles and the tensions that continue to complicate American women's involvement in the military arena. The recreation-program volunteers heightened the passions of troops but also domesticated everyday life on the bases. Their presence mobilized support for the war back home, while exporting American culture abroad. Carefully recruited and selected as symbols of

conventional femininity, these adventurous young women saw in the theater of war a bridge between public service and private ambition. This story of the women who talked and listened, danced and sang, adds an intimate chapter to the history of war and its ties to life in peacetime.

marilyn monroe the biography by donald spoto: An Actress Prepares Rosemary Malague, 2013-06-17 'Every day, thousands of women enter acting classes where most of them will receive some variation on the Stanislavsky-based training that has now been taught in the U.S. for nearly ninety years. Yet relatively little feminist consideration has been given to the experience of the student actress: What happens to women in Method actor training?' An Actress Prepares is the first book to interrogate Method acting from a specifically feminist perspective. Rose Malague addresses the Method not only with much-needed critical distance, but also the crucial insider's view of a trained actor. Case studies examine the preeminent American teachers who popularized and transformed elements of Stanislavsky's System within the U.S.—Strasberg, Adler, Meisner, and Hagen— by analyzing and comparing their related but distinctly different approaches. This book confronts the sexism that still exists in actor training and exposes the gender biases embedded within the Method itself. Its in-depth examination of these Stanislavskian techniques seeks to reclaim Method acting from its patriarchal practices and to empower women who act. 'I've been waiting for someone to write this book for years: a thorough-going analysis and reconsideration of

American approaches to Stanislavsky from a feminist perspective ... lively, intelligent, and engaging.' - Phillip Zarrilli, University of Exeter 'Theatre people of any gender will be transformed by Rose Malague's eye-opening study *An Actress Prepares*... This book will be useful to all scholars and practitioners determined to make gender equity central to how they hone their craft and their thinking.' - Jill Dolan, Princeton University

marilyn monroe the biography by donald spoto: Mike Connolly and the Manly Art of Hollywood Gossip Val Holley, 2010-06-28 In 1954, Mike Connolly, the gay gossip columnist for the *Hollywood Reporter* from 1951 to 1966, was described by *Newsweek* as probably the most influential columnist inside the movie colony, the one writer who gets the pick of trade items, the industry rumors, the policy and casting switches. He was indeed one of the most talented and influential members of the Hollywood press of his time, and his column, for those who could read between the lines, was a daily chronicle of gay goings-on. Fifty years later, his cumulative output is a virtually untapped lode of gay Hollywood history. Mike Connolly's life and work are the focus of this book. It considers his formative years, his pre-World War II life at the University of Illinois and in Chicago, and the ways in which the homosexual community in Hollywood lived lives both secretive and open in the forties, fifties and sixties. It also examines the literary merit, power and newsworthiness of Connolly's *Rambling Reporter* column in the *Hollywood Reporter* and its significance as a chronicle of gay Hollywood life; the previously unexplored role of Connolly's column in the Hollywood blacklist and how his anti-Communist crusade was rooted in his earlier campaign to close down the brothels in his college town; and how his life informed his column and his column shaped his life.

The reactions to such literature have been as contentious as the books themselves, clouding the truth with myths and inaccuracies. From high-profile publishing sensations such as Ten Rillington Place, Fatal Vision and Mommie Dearest to the wealth of writing on the JFK assassination, the death of Marilyn Monroe and the Black Dahlia murder, this book delves into that hard copy era when crime and scandal books had a cultural impact beyond the genre's film and TV documentaries, fueling outcries that sometimes matched the notoriety of the cases they discussed and leaving legacies that still resonate today.
