Spring Training Atlanta Braves 2023: What Fans Needed to Know

spring training atlanta braves 2023 kicked off with high anticipation as fans eagerly awaited a fresh start for one of Major League Baseball's most exciting teams. As the Braves prepared to defend their World Series title, the buzz around their spring training was palpable, filled with expectations, emerging talents, and strategic moves. For those passionate about baseball or planning a visit to the Grapefruit League this year, understanding the ins and outs of the Braves' 2023 spring training was essential.

Setting the Stage: Where and When Did Spring Training Atlanta Braves 2023 Take Place?

Every year, the Atlanta Braves head to Florida to participate in the Grapefruit League, and 2023 was no different. Their spring training home was the iconic CoolToday Park in North Port, Florida—a state-of-the-art facility that opened in 2019. This modern stadium quickly became a beloved spot for fans due to its excellent amenities and close proximity to the field, allowing spectators to get an intimate look at players' preparations.

Spring training typically starts in late February and runs through late March, and the Braves adhered to this timeline in 2023. This period allows players to shake off the offseason rust, refine their skills, and for new recruits to make a case for a spot on the major league roster.

Key Highlights of Spring Training Atlanta Braves 2023

New Faces and Rising Stars

Spring training is always an exciting time for prospects and fringe players hoping to break into the big leagues. The 2023 sessions saw several intriguing names emerge:

- **Brandon Marsh**, an outfielder acquired in the offseason, showed promise with his speed and defensive skills.
- **Spencer Strider**, a young pitcher known for his blazing fastball, impressed with his control and strikeout ability.
- **Michael Harris II**, a dynamic center fielder and 2022 Rookie of the Year candidate, continued to build momentum heading into the regular season.

These players, among others, gave fans plenty to be excited about as the Braves fine-tuned their lineup.

Pitching Staff Developments

A strong pitching rotation is vital for any championship contender, and Atlanta's staff was a focal point during spring training. Veteran pitchers like Max Fried and Charlie Morton used this time to regain form and adjust their mechanics, while the bullpen experimented with new roles to optimize late-inning performance.

Manager Brian Snitker and pitching coach Kyle Snyder emphasized developing depth, understanding that injuries or shifts in form can quickly alter a season's trajectory. Watching the Braves' pitchers throw live batting practice and participate in scrimmages gave fans insight into how the team was positioning itself to maintain dominance on the mound.

What Fans Can Expect During Spring Training Atlanta Braves 2023

The Atmosphere at CoolToday Park

One of the highlights of spring training baseball is the relaxed and fan-friendly atmosphere. At CoolToday Park, the Braves created an environment where fans could enjoy close-up views of players, engage in autograph sessions, and participate in family-friendly activities. The smaller ballpark setting compared to the regular season venues allows spectators to feel a part of the action.

Additionally, the park's location in sunny Florida made for perfect weather conditions, encouraging fans to spend the day outdoors and soak in the pre-season excitement.

Ticketing and Attendance Tips

If you were considering attending any of the Braves' spring training games in 2023, it was wise to plan ahead. While spring training games generally have a more affordable ticket price compared to regular-season matches, popular games—especially those against rivals like the New York Mets or Tampa Bay Rays—can sell out quickly.

Here are some tips for securing tickets and enjoying the experience:

- Purchase tickets online well in advance through the official Atlanta Braves website or authorized sellers.
- Arrive early to explore fan zones, watch batting practice, and find good seating.
- Consider weekday games for a more relaxed crowd and easier parking.
- Check the weather forecast and dress accordingly; Florida can be unpredictable in early

spring.

Behind the Scenes: Training and Strategy Insights

Spring training is not just about exhibition games; it's a critical period for coaches and players to evaluate performance and make strategic decisions. The Braves' coaching staff used the 2023 spring sessions to focus on a few key areas:

Refining Defensive Alignments

With several young players entering the mix, the Braves emphasized defensive versatility. Practicing different fielding positions and double-play scenarios was crucial, especially in the infield. This flexibility allows the team to adapt during the long season depending on matchups or injuries.

Offensive Adjustments and Analytics Integration

The Braves have embraced analytics in recent years, and spring training is a prime time to test new approaches. This includes adjusting hitters' swings based on pitch tracking data and optimizing batting orders to maximize run production.

Players worked closely with hitting coaches and data analysts to tweak their mechanics and develop game plans tailored to opposing pitchers expected during the regular season.

The Impact of Spring Training on the Braves' 2023 Regular Season

A successful spring training can set the tone for the entire season. For the Atlanta Braves in 2023, the insights and progress made during this period were invaluable. The team's depth, particularly in pitching and outfield positions, was strengthened, which proved essential as the regular season unfolded.

Moreover, spring training helped identify leadership roles within the clubhouse, with veterans mentoring emerging talents. This cohesion and preparedness contributed to the Braves' ability to remain competitive throughout the 2023 campaign.

Player Health and Conditioning

Another major focus during spring training was player health. After a grueling 162-game season plus

playoffs in 2022, ensuring players were physically ready was paramount. The Braves' medical and training staff implemented personalized conditioning programs to reduce injury risk and enhance stamina.

This attention to wellness throughout spring training helped several key players avoid early-season setbacks, providing stability as the team pursued its championship aspirations.

Experiencing Spring Training Atlanta Braves 2023 as a Fan

For many baseball enthusiasts, attending spring training games is a unique experience that combines the excitement of seeing tomorrow's stars with the laid-back vibe of early-season baseball. Whether you were a local Floridian or a traveling fan, CoolToday Park offered a perfect setting in 2023.

Fans could engage in activities such as:

- Watching players interact casually during warm-ups
- Exploring team museums and exhibits showcasing Braves history
- Sampling local food vendors and merchandise stands
- Participating in kid-friendly games and autograph sessions

This immersive atmosphere made spring training more than just preparation—it became a celebration of baseball and community.

Reflecting on the spring training atlanta braves 2023 experience reveals how vital this annual ritual is for both the team and its fans. It's a time for fresh beginnings, hopeful prospects, and a reminder of why baseball holds such a cherished place in American sports culture. Whether following from afar or witnessing the action live at CoolToday Park, spring training offers a glimpse into the heart of a franchise ready to chase greatness once again.

Spring Training Atlanta Braves 2023: A Comprehensive Review and Analysis

spring training atlanta braves 2023 marked a pivotal period for the franchise as they prepared to build on their recent successes and address key roster challenges. With high expectations following

their 2021 World Series championship and consistent postseason appearances, the Braves entered spring training with a blend of seasoned veterans and emerging talents. This in-depth analysis explores the nuances of their 2023 spring training performance, roster decisions, player development, and what it signals for the upcoming MLB season.

Overview of Spring Training Atlanta Braves 2023

Spring training is a critical phase for any Major League Baseball team, but for the Atlanta Braves, 2023 carried additional weight. The team's camp, held at the familiar CoolToday Park in North Port, Florida, served as the backdrop for evaluating player health, integrating new acquisitions, and refining strategies. Unlike previous years, the Braves faced challenges related to injuries and roster depth, which made spring training outcomes even more scrutinized by analysts and fans alike.

The 2023 spring training period allowed the Braves' coaching staff, led by manager Brian Snitker, to assess how well the team could maintain its competitive edge in a tough National League East division. The division includes formidable opponents like the New York Mets and Philadelphia Phillies, increasing the importance of a strong preseason showing.

Key Player Performances and Development

One of the focal points during spring training Atlanta Braves 2023 was the performance of both established stars and promising prospects. Veteran players such as Ronald Acuña Jr. and Freddie Freeman showed signs of readiness, although Acuña was managing recovery from a late 2022 injury. Freeman's consistent approach at the plate remained a positive indicator for the Braves' offensive potential.

Meanwhile, spring training provided an opportunity for rising talents like Spencer Strider and Michael Harris II to demonstrate their growth. Strider, known for his high-velocity fastball, impressed with improved command and stamina, which are critical for sustaining success over a full MLB season. Harris showcased his defensive versatility and plate discipline, reinforcing his role as a cornerstone for the Braves' future.

Additionally, the Braves evaluated several prospects competing for bullpen roles, a historically challenging area for the team. The performances of younger pitchers during spring workouts and Grapefruit League games offered insights into potential bullpen consistency and depth, which could be a decisive factor in close games.

Roster Adjustments and Strategic Implications

Spring training Atlanta Braves 2023 was also a period of tactical roster adjustments. The front office was active in shaping a roster that balanced experienced leadership with youthful energy. One notable trend was the Braves' emphasis on versatility, with players being groomed to cover multiple positions to mitigate injury risks during the long season.

Acquisitions and Departures

The offseason preceding spring training saw several roster moves that influenced the Braves' preseason dynamics. While the core of the championship-winning team remained intact, the organization made strategic acquisitions to bolster pitching depth and bench strength. These moves were assessed closely during spring training games, where newcomers had to quickly adapt to the Braves' culture and expectations.

Conversely, some veteran players departed, creating opportunities for younger athletes to compete for major league spots. This turnover underscored the Braves' commitment to maintaining a competitive roster without sacrificing the development pipeline.

Impact on Team Chemistry and Performance

Integrating new players and adjusting to lineup changes during spring training can affect team chemistry, a crucial factor for any successful club. Observers noted that the Braves maintained a positive clubhouse atmosphere, with leadership figures fostering cohesion among veterans and rookies alike. This environment was reflected in on-field communication and collaborative gameplay during spring contests.

From a performance standpoint, the Braves displayed balanced offensive production and the ability to execute situational hitting. Pitching staff, while still finding consistency, showed promising glimpses of dominance, particularly in late-inning relief. These elements combined to project a team capable of contending for the division title once the regular season commenced.

Comparative Analysis: Braves' Spring Training Versus Division Rivals

When benchmarking spring training Atlanta Braves 2023 against their National League East rivals, several insights emerge. The Mets, Phillies, and Miami Marlins each exhibited distinct strengths and challenges during their preseason preparations. The Braves' emphasis on blending youth with experience contrasted with the Mets' heavy reliance on high-profile acquisitions and the Phillies' focus on power hitting.

Statistically, the Braves maintained competitive batting averages and on-base percentages during spring play, with pitching metrics such as ERA and WHIP aligning closely with division counterparts. However, the Braves' edge lay in defensive versatility and depth, which could prove advantageous in a grueling 162-game schedule.

Strengths Highlighted in Spring Training

- Robust outfield defense anchored by Acuña and Harris

- Emerging pitching talent with potential for impact roles
- Effective situational hitting and small ball tactics
- Strong clubhouse leadership and team chemistry

Areas Needing Improvement

- Consistency in the bullpen to close tight games
- Health management of key players recovering from previous injuries
- Depth at catcher and infield positions to cover potential absences

Fan Engagement and Spring Training Experience

Beyond the technical and strategic considerations, spring training Atlanta Braves 2023 also served as a vital touchpoint for fan engagement. CoolToday Park welcomed thousands of spectators eager to witness the team's progress firsthand. The intimate ballpark setting fostered a unique atmosphere, allowing fans closer access to players and staff compared to regular season stadiums.

Fan enthusiasm was further amplified by interactive events, autograph sessions, and community outreach initiatives. These efforts helped maintain and grow the Braves' loyal fan base, ensuring robust support as the team transitioned into the competitive season.

Media Coverage and Public Perception

Media outlets provided extensive coverage of the Braves' spring training, highlighting player stories, injury updates, and tactical insights. Analysts debated the team's prospects, often emphasizing the importance of an injury-free season and bullpen consistency. Public perception remained cautiously optimistic, reflecting the balance of promise and uncertainty typical of preseason evaluations.

Spring training Atlanta Braves 2023, therefore, functioned not only as a preparation phase but also as a narrative-building period shaping expectations for the months ahead.

The 2023 spring training for the Atlanta Braves encapsulated a blend of optimism and pragmatism. While challenges in pitching depth and health persisted, the infusion of young talent alongside proven veterans suggested a team poised to compete vigorously in a demanding division. As the regular season approached, the insights gleaned from spring training served as a critical foundation for the Braves' strategic planning and in-season adjustments.

spring training atlanta braves 2023: Disney Parks and the Construction of American Identity Jennifer A. Kokai, Tom Robson, 2024-08-26 Writing in a time of heightened political anxiety--and when accusations of nationalism, authoritarianism, and proto-fascism have increasingly divided Americans into factions-- the authors use their influential performance studies-based 'tourist as actor' framework to unpack the ways that Disney parks and their guests co-create performance of implicit Americanness in the 21st century. This book argues that the roles that guests choose to perform-- accepting, declining, negotiating, or overwriting scripts offered to them by the Disney theme park experience-- ultimately reveals much about the nature of the contemporary United States. Focusing primarily on Walt Disney World in Florida, and using case studies on music, geography and ecology, sports, families, and politics, these chapters illuminate the always complicated and often contradictory presentations and performances of America within Disney parks in the deeply contested twenty-first century.

spring training atlanta braves 2023: Under the March Sun Charles Fountain, 2009-03-04 An entertaining cultural history that taps into the romance of baseball even as it reveals its more hard-nosed commercial machinations, *Under the March Sun* recounts for the first time the full and fascinating history of spring training and its growth from a shoestring-budget roadtrip into a billion-dollar-a-year business. If in the early days southern hotels only reluctantly admitted ballplayers, today cities fight for teams by spending millions in public money to build ever-more-elaborate spring-training stadiums.

spring training atlanta braves 2023: Meet Ronald Acuña Jr. Heather E. Schwartz, 2024-08-01 Atlanta Braves right fielder Ronald Acuña Jr. is a home run hitter with two Silver Slugger awards. Discover how Acuña became the National League's 2018 Rookie of the Year and how he's continued to dominate.

spring training atlanta braves 2023: Baseball's Endangered Species Lee Lowenfish, 2023-04 Named a Best Baseball Book of 2023 by Sports Collectors Digest *Scouting* has been called pro baseball's personalized way of renewing itself from year to year and a pathway to the game's past. It takes a very special person to be a baseball scout: normal family life is out of the question because travel is a constant companion. Yet for those with the genuine calling for it, there could be no other life. Hearing the special thwack off the bat that indicates a raw prospect may be the real deal is the dream that keeps true scouts going. Scouts have the difficult task of not only discovering and signing new players but envisioning the trajectory of raw talent into the future. But the place of the traditional scout has become increasingly dire. In 2016 Major League Baseball eliminated the MLB Scouting Bureau that had been created in the 1970s to augment the regular scouting staffs of individual teams. On the eve of the 2017 playoffs that saw the Houston Astros crowned as World Series champions, the team dismissed ten professional scouts and by 2019 halved the number of all their scouts to less than twenty. More and more teams are replacing their experienced talent hunters with people versed in digital video and analytics but who have limited field knowledge of the game, driven by the Moneyball-inspired trend to favor analytics, data, and algorithms over instinct and observation. In *Baseball's Endangered Species* Lee Lowenfish explores in-depth how scouting has been affected by the surging use of metrics along with other changes in modern baseball business history: expansion of the Major Leagues in 1961 and 1962, the introduction of the amateur free agent draft in 1965, and the coming of Major League free agency after the 1976 season. With an approach that is part historical, biographical, and oral history, *Baseball's Endangered Species* is a comprehensive look at the scouting profession and the tradition of hands-on evaluation. At a time when baseball is drenched with statistics, many of them redundant or of questionable value, Lowenfish explores through the eyes and ears of scouts the vital question of makeup: how a player copes with failure, baseball's essential, painful truth.

spring training atlanta braves 2023: Called Up Zak Ford, 2023-10-27 To reach the majors, a ballplayer must not only possess natural ability and world-class skills but must also overcome nearly insurmountable odds. The journey is not possible without extreme dedication. Along the way mentors play a large role, and circumstances must align. For an elite few, years of effort and perseverance culminate with putting on a big league uniform. Drawing on original interviews with

more than 100 players who debuted between 1961 and 2018, this collection presents their first-person stories of how they were called up to play Major League Baseball.

spring training atlanta braves 2023: *Road to Nowhere* Chris Donnelly, 2023 Named a Best Baseball Book of 2023 by Sports Collectors Digest *Road to Nowhere* is the story of New York City baseball from 1990 to 1996, describing in intimate detail the collapse of both the Mets and the Yankees in the early nineties, the Yankees' then reclaiming of the city and the Mets attempts to rebuild from the ashes. After the chaos of the 1980s, the New York Yankees finally bottomed out in 1990. The team finished in last place, enduring one of their worst seasons ever. Their best player, Don Mattingly, was suffering from a debilitating back injury. Manager after manager had been fired. The clubhouse was a miserable place to be, with moody, egocentric players making life difficult for up-and-coming talent. It looked like New York would remain a Mets town well into the twenty-first century. Then Yankees owner George Steinbrenner was banished from baseball. Without their manic, meddling owner, the Yankees fell into the hands of Gene Michael. Setting out to rebuild the franchise, Michael made shrewd trades and free agent signings, and he allowed the team's prospects to develop in the Minor Leagues before getting to the Bronx. Meanwhile, the Mets, beloved for their intensity and hard-partying ways in the 1980s, became everything that had driven fans away from the Yankees. They made bad trades and questionable signings, fired managers seemingly every year, and were a powder keg of never-ending controversy. The Mets bottomed out in 1993, perhaps their worst season ever, when they not only lost 103 games but officially lost the heart of the city to the Yankees. But by 1996, despite their record, the Mets were already making moves that would return them to relevance and set them on a path to the ultimate showdown with the Yankees. *Road to Nowhere* tells the story of how two teams that had swapped roles in the 1980s swapped them right back in the early 1990s. While playing through several difficult seasons, both teams were making moves that would return them to prominence in just a few years.

spring training atlanta braves 2023: *Sons of Baseball* Mark Braff, 2023-05-10 A rare glimpse of professional ballplayers, not as pitchers, hitters, managers, and coaches, but as dads and grandads. Sons of major league baseball players grow up in a unique environment, not only because they are raised in part by professional athletes, but also because they are raised by the game itself. They come of age immersed in the distinct sounds and aromas of baseball. The locker rooms, the cinderblock-lined corridors beneath the stands, the dugouts, and the fields are the playgrounds of their youth. In *Sons of Baseball*, Mark Braff interviews 18 men who share their exclusive stories, ballpark memories, and the challenges and rewards of having fathers whose talents enabled them to reach the pinnacle of their profession. Each chapter is devoted to one son talking about his experiences, from the poignancy of one son's disclosure that his dad has not been able to acknowledge his son's sexuality as a gay man, to the humor of another son absconding with the groundskeepers' cart in Cleveland. With a foreword by Hall of Famer Cal Ripken Jr. and interviews with the sons of beloved players such as Yogi Berra, Mariano Rivera, Roger Maris, Gil Hodges, and Larry Doby, *Sons of Baseball* provides a unique, well-rounded perspective on the lives of professional ballplayers and their families.

spring training atlanta braves 2023: *There's a Bulldozer on Home Plate* Miles Wolff, 2023-02-17 The father of Independent Baseball, Miles Wolff recounts his 50-year career in the game and how his experiences lead to the founding of the modern independent game, with some opposition from the existing major and minor leagues. Along the way, he describes how the movie *Bull Durham* came to be made and covers the history of minor league ball's growth from mom-and-pop operations to major business endeavors.

spring training atlanta braves 2023: 62 Bryan Hoch, 2023-07-11 A veteran New York baseball reporter looks back on Yankees slugger Aaron Judge's historic and epic 2022 season when he broke Roger Maris' American League record of 61 home runs.

spring training atlanta braves 2023: *Major League Baseball Players of the 1970s* Bill Ballew, 2023-08-02 In the 1970s, after a decade of stagnant fan interest that seemed to signal the demise of Major League Baseball, the game saw growth and change. In 1972, the players became the first in

professional sports to go on strike. Four years later, contractual changes allowed those with six years in the majors to become free agents, leading to an unprecedented increase in salaries. Developments in the play of the game included new ballparks with faster fields and artificial turf, and the introduction of the designated hitter in 1973. Eminent personalities emerged from the dugout, including many African Americans and Latinos. Focusing on the stars who debuted from 1970 through 1979, this book covers the highs and lows of more than 1,300 players who gave fans the most exciting decade baseball has ever seen.

spring training atlanta braves 2023: *The Franchise: Chicago Cubs* Bruce Miles, Jesse Rogers, 2023-06-20 In *The Franchise: Chicago Cubs*, take a more profound and unique journey into the history of an iconic team. This thoughtful and engaging collection of essays captures the astute fans' history of the franchise, going beyond well-worn narratives of yesteryear to uncover the less-discussed moments, decisions, people, and settings that fostered the Cubs' one-of-a-kind identity. Through wheeling and dealing, mythmaking and community building, explore where the organization has been, how it got to prominence in the modern major league landscape, and how it'll continue to evolve and stay in contention for generations to come. Cubs fans in the know will enjoy this personal, local, in-depth look at baseball history.

spring training atlanta braves 2023: *Baseball's Memorable Misses* Dan Schlossberg, 2023-02-07 Baseball books span the spectrum from the All-Stars to the has-beens but invariably overlook the endless string of things that could have happened but didn't. *Baseball's Memorable Misses* fills that void, pointing out little-known facts perfect for both rabid and casual fans. Who knew that Willie Mays never won an RBI crown or that Stan Musial hit the most home runs in one day but never led his league in a season? Nolan Ryan had zero Cy Young Awards despite owning records for strikeouts and no-hitters. Roger Clemens, on the other hand, had a record seven Cy Youngs and two 20-strikeout games but zero no-hitters. There were also zero no-hitters by Greg Maddux, who has more wins than any living pitcher. Players took zeroes and sometimes double-zeroes as uniform numbers. Veteran baseball writer Dan Schlossberg delves into the previously-unknown world of baseball zeroes, exploring everything from Christy Mathewson's zero runs allowed in the 1905 World Series to the three perfect games pitched in Yankee Stadium. This book also reveals that there were zero no-hitters pitched by Pirates at Pittsburgh's Forbes Field even though visiting pitchers did not fall victim to that hex. There have been zero players who hit five home runs in one game but two who have hit five in one day. This is a book of *Almost But Not Quite* (ABNQ for short) but also a book that suggests baseball's second century can be almost as intriguing as its first. With the help of author Doug Lyons, who wrote the foreword, and celebrated baseball cartoonist Ronnie Joyner, this is also a utilitarian volume, perfect for the living room coffee table or even the bathroom. Like the game itself, *Baseball's Memorable Misses* is fun--and perfect for rain delays in season or off-season enjoyment.

spring training atlanta braves 2023: *Runnin' Redbirds* Eric Vickrey, 2023-11-21 The 1982 St. Louis Cardinals played an entertaining style of baseball built on speed and defense. The roster was constructed and piloted by Whitey Herzog, a baseball visionary who tailored his team for the AstroTurf and spacious dimensions of Busch Stadium. Herzog traded for closer Bruce Sutter, speedsters Lonnie Smith and Willie McGee, and defensive wizard Ozzie Smith, adding to a talented roster that included the likes of Bob Forsch, Keith Hernandez, and George Hendrick. The result was an exhilarating season filled with winning streaks, numerous obstacles, and one unforgettable steal of home. The Cardinals won the National League pennant despite hitting the fewest home runs in the major leagues, then overcame baseball's most powerful team--the Milwaukee Brewers--in the World Series. This exhaustive account chronicles the Cardinals from Herzog's rebuild to the final out of the Fall Classic. Hundreds of sources, including original interviews, were compiled to revisit a championship season and tell the backstories of an eclectic group of players who reached baseball's pinnacle.

spring training atlanta braves 2023: *TAKE TWO AND HIT TO RIGHT* Jim Driscoll, 2023-10-12 "Take Two And Hit To Right" is an enjoyable and sometimes satirical insight into the heart and soul

of the grand old game of Baseball. It covers its historical beginnings, as well as its make-up and growth, as it grew into the fabric of our National Pastime. It covers all of the surrounding aspects of the game, from Little League level all the way up to the Major Leagues, from the cat-calls from the stands to the lexicon of its play-by-play. Even its depiction up on the silver screen is reviewed. It's all about the Game, with all of the fundamental components that make it such an enjoyable and entertaining treat to fans everywhere.

spring training atlanta braves 2023: Gibby John Gibbons, Greg Oliver, 2023-04-04 A captivating and candid memoir from one of the most beloved and colorful figures in Toronto Blue Jays history John Gibbons is one of the most beloved figures in Toronto Blue Jays history. Over 11 years and two separate managerial stints with the team, he endeared himself to fans with his folksy manner and his frequent battles with umpires: "Here comes Gibby!" Winning helped too. Under Gibbons's management, the Jays made the American League Championship Series in 2015, ending a 22-year playoff drought; then they did it again in 2016. Along the way the team defied odds, won over a nation, and with one iconic flip of a bat produced one of the most iconic moments in MLB history. Now, in his memoir, Gibby shares the story: an on-field career that didn't pan out, but a managing career that did ... eventually. Raised in a military family, he played his first competitive baseball in Newfoundland and Labrador, and, with the family now in San Antonio, Texas, Gibby, a catcher, developed into a first-round draft pick of the New York Mets. While Gibbons only played 18 major league games, he did earn a World Series ring as the 1986 Mets bullpen catcher and knew all the characters from that team, including Doc Gooden, Darryl Strawberry, Lenny Dykstra, and Gary Carter. In 1990, Gibby began his journey as a coach and manager. An old teammate, J.P. Ricciardi, hired him to work with the Jays, and he moved his way up the ranks and into the hearts of baseball fans.
