

bringing up boys by james dobson

Bringing Up Boys by James Dobson: Timeless Wisdom for Raising Strong, Compassionate Sons

bringing up boys by james dobson is more than just a book title; it represents a cornerstone in the conversation about parenting boys in today's complex world. James Dobson, a renowned psychologist and family counselor, has long been a trusted voice for parents seeking guidance on nurturing their sons into confident, responsible men. His insights delve deeply into the unique challenges boys face, offering practical advice rooted in psychology, faith, and real-life experience.

If you're a parent, grandparent, or caregiver looking to understand the modern boy's world, Dobson's work remains a valuable resource. It addresses everything from emotional development and discipline to the impact of culture and technology on boys' growth. Let's explore some of the key themes and actionable tips found in bringing up boys by james dobson that can help you foster a healthy and loving environment for the boys in your life.

Understanding Boys: The Foundation of Effective Parenting

One of the most compelling aspects of bringing up boys by james dobson is his emphasis on understanding the inherent differences between boys and girls. Dobson argues that boys are wired differently, both biologically and emotionally, which necessitates a tailored approach to parenting.

Recognizing Emotional Needs

Many parents struggle with the stereotype that boys should be tough and emotionless. Dobson challenges this misconception by highlighting that boys experience feelings just as deeply as girls but often express them differently. He encourages parents to create safe spaces where boys feel comfortable sharing their emotions without fear of judgment or ridicule.

This understanding helps prevent common pitfalls such as emotional repression, which can lead to behavioral problems later in life. Instead, Dobson advocates for nurturing empathy and emotional intelligence, helping boys develop the tools to communicate effectively and build strong relationships.

The Role of Discipline and Boundaries

Discipline is another crucial topic in bringing up boys by james dobson. He stresses that boys often test limits as a natural part of their development, but consistent, loving

discipline helps them learn self-control and responsibility. Dobson advises parents to set clear rules and consequences, ensuring that boys understand expectations without feeling overwhelmed or unfairly treated.

Incorporating positive reinforcement alongside correction fosters a balanced approach that encourages good behavior while addressing missteps constructively. This method not only shapes character but also strengthens the parent-child bond.

Navigating the Challenges Boys Face in Today's Culture

Dobson's insights extend beyond individual families to address broader societal influences that impact boys' development. He recognizes that modern culture often sends confusing messages about masculinity, success, and identity.

Counteracting Negative Influences

From violent media to peer pressure, boys today encounter numerous challenges that can derail their growth. Bringing up boys by James Dobson highlights the importance of parental involvement in monitoring and guiding children's exposure to these influences. Dobson encourages open conversations about media content and peer relationships, equipping boys with critical thinking skills to resist harmful behaviors.

Moreover, he stresses the value of strong role models. Fathers, mentors, and community leaders who exemplify integrity and kindness can inspire boys to pursue positive paths.

Technology and Its Impact

In the digital age, technology plays a significant role in boys' lives. While it offers educational opportunities and social connections, it can also lead to addiction, isolation, or exposure to inappropriate content. Dobson urges parents to establish healthy boundaries around screen time and to engage actively with their sons' online activities.

By fostering digital literacy and encouraging offline activities such as sports, hobbies, and family time, parents can help boys maintain balance and develop diverse interests.

Faith and Values: Guiding Boys Toward Purpose

A distinctive feature of bringing up boys by James Dobson is its integration of faith-based principles. Dobson believes that instilling strong moral values and a sense of purpose is vital for boys to navigate life's uncertainties with confidence and integrity.

Teaching Accountability and Integrity

Dobson emphasizes teaching boys about accountability – owning their actions and understanding consequences. This principle is fundamental to character development and helps boys grow into trustworthy adults. Through stories, examples, and family traditions, parents can weave lessons of honesty, respect, and responsibility into everyday life.

Encouraging Spiritual Growth

For families inclined toward religious faith, Dobson's work offers guidance on nurturing spiritual growth in boys. He advocates for regular family worship, involvement in faith communities, and conversations about morals and ethics. This spiritual foundation can provide boys with comfort, direction, and a framework for making ethical decisions throughout their lives.

Practical Tips from Bringing Up Boys by James Dobson

Dobson's book is rich with actionable advice that parents can implement immediately. Here are some standout tips that resonate with many families:

- **Spend quality one-on-one time:** Boys benefit greatly from undivided attention, whether it's playing sports, reading together, or simply talking about their day.
- **Encourage physical activity:** Boys often need outlets for their energy. Activities like hiking, biking, or team sports help them develop coordination and discipline.
- **Model respect and kindness:** Children learn by example. Demonstrating how to treat others with dignity influences boys' social behavior.
- **Set clear, consistent rules:** Predictability in discipline creates a secure environment where boys understand boundaries.
- **Listen actively:** Show genuine interest in your son's thoughts and feelings to build trust and open communication.

Implementing these strategies can make a noticeable difference in a boy's emotional health and overall development.

Why Bringing Up Boys by James Dobson Continues to Matter

Despite evolving parenting trends and cultural shifts, the core principles outlined in bringing up boys by james dobson remain relevant. His balanced approach—combining psychological insights, practical advice, and spiritual wisdom—addresses the whole child, not just behavior or academics.

Parents often find comfort in Dobson's compassionate tone, which acknowledges the joys and struggles of raising boys without judgment. His emphasis on understanding and loving boys for who they are fosters a nurturing environment where boys can thrive into well-rounded men.

Whether you're concerned about discipline, emotional expression, or preparing your son for the challenges ahead, Dobson's guidance offers a roadmap grounded in decades of experience.

In the end, bringing up boys by james dobson reminds us that raising sons is not about molding them into someone they're not but about helping them become the best version of themselves—strong yet sensitive, courageous yet kind, independent yet connected.

Frequently Asked Questions

What is the main focus of James Dobson's book 'Bringing Up Boys'?

The main focus of James Dobson's book 'Bringing Up Boys' is to provide parents with guidance on raising boys in a way that nurtures their unique emotional, psychological, and physical needs.

What are some key challenges in raising boys according to James Dobson?

According to James Dobson, key challenges in raising boys include managing their high energy levels, addressing their need for male role models, and helping them develop emotional intelligence and self-discipline.

How does James Dobson suggest parents help boys develop self-discipline?

James Dobson suggests that parents help boys develop self-discipline through consistent rules, clear consequences, and by modeling responsible behavior themselves.

Does 'Bringing Up Boys' address the role of fathers specifically?

Yes, 'Bringing Up Boys' emphasizes the critical role fathers play in a boy's development, highlighting the importance of a strong, positive male influence in shaping a boy's character and confidence.

What practical advice does James Dobson offer for handling boys' behavior?

James Dobson offers practical advice such as setting firm boundaries, encouraging physical activity, providing structure, and communicating openly and lovingly to effectively handle boys' behavior.

How does 'Bringing Up Boys' address the emotional needs of boys?

The book stresses that boys have emotional needs that are often overlooked, encouraging parents to be patient, listen attentively, and create a safe environment for boys to express their feelings.

Is 'Bringing Up Boys' relevant for modern parenting challenges?

Yes, despite being first published some years ago, 'Bringing Up Boys' remains relevant as it addresses timeless principles of parenting boys, while also offering insights that can be adapted to modern challenges.

Additional Resources

****Bringing Up Boys by James Dobson: An In-Depth Review and Analysis****

Bringing up boys by James Dobson has established itself as one of the most influential parenting guides focused specifically on the challenges and nuances of raising male children. Since its publication, the book has sparked widespread discussion among parents, educators, and child psychologists alike. This comprehensive review seeks to examine the core principles Dobson presents, unpack the psychological and social implications of his approach, and evaluate its relevance in contemporary parenting.

Understanding the Premise of Bringing Up Boys by James Dobson

James Dobson, a well-known family psychologist and founder of Focus on the Family, wrote **Bringing Up Boys** with the intent to address what he views as a distinct set of

developmental needs and behavioral patterns unique to boys. The book posits that boys are inherently different from girls in terms of brain chemistry, emotional development, and social interactions, and therefore require tailored parenting strategies to thrive.

Dobson's work is grounded in both anecdotal evidence and psychological research, stressing the importance of fatherly involvement, discipline, and structured guidance. His viewpoint challenges some modern parenting trends that emphasize gender neutrality, instead advocating for recognizing biological and psychological differences and responding accordingly.

Key Themes and Concepts in Bringing Up Boys

One of the standout features of **Bringing Up Boys by James Dobson** is its focus on the biological and developmental distinctions that influence male behavior. Dobson highlights how boys' brains develop differently, particularly in areas related to impulse control, emotional regulation, and spatial reasoning. This biological basis is used to explain why boys often exhibit higher energy levels, risk-taking behaviors, and a need for physical activity.

Dobson also discusses the societal shifts that have affected boys' upbringing, such as changing family dynamics and the decline of traditional father roles. He argues that many boys suffer from a lack of male role models, which can lead to confusion and behavioral issues.

Another critical theme is discipline. Dobson recommends firm but loving discipline as a cornerstone for raising well-adjusted boys. He emphasizes consistency, clear boundaries, and consequences as essential tools for guiding boys toward responsible adulthood.

Parenting Strategies and Practical Advice

Bringing Up Boys is not merely theoretical; it offers actionable advice for parents seeking to foster healthy development in their sons. Dobson's recommendations include:

- **Encouraging physical activity:** Recognizing boys' need for movement and providing outlets such as sports or outdoor play.
- **Fostering emotional expression:** Teaching boys to articulate feelings rather than suppress them.
- **Establishing routines:** Creating structured environments that promote security and predictability.
- **Promoting positive male role models:** Ensuring boys have access to mentors who exemplify integrity and responsibility.
- **Balancing discipline with affection:** Maintaining authority while expressing love

and support.

These strategies aim to mitigate common behavioral issues such as aggression, defiance, and academic struggles, which Dobson attributes in part to unmet developmental needs.

Evaluating the Impact and Criticism of Bringing Up Boys

Since its release, **Bringing Up Boys by James Dobson** has been praised for shining a light on male development, a topic sometimes overlooked in mainstream parenting literature. Many parents and educators have found its insights valuable, particularly in understanding why boys might struggle in certain educational or social settings.

However, the book has not been without controversy. Critics argue that Dobson's emphasis on biological determinism risks reinforcing gender stereotypes and may overlook the influence of culture and individual variation. Some child development experts caution against rigidly applying gender-based assumptions, advocating instead for a more fluid understanding of children's personalities and needs.

Moreover, Dobson's conservative views on discipline and family structure have sparked debate. While some appreciate his advocacy for traditional family roles, others find it less applicable in diverse or non-traditional households.

Comparisons with Other Parenting Approaches

When contrasted with other popular parenting books, **Bringing Up Boys** stands out for its clear focus on gender-specific parenting. For instance, works like Dr. Laura Markham's **Peaceful Parent, Happy Kids** emphasize emotional coaching and gentle discipline regardless of gender, promoting an individualized approach.

Similarly, **The Whole-Brain Child** by Daniel Siegel and Tina Payne Bryson offers strategies based on neuroscience but applies them universally to all children. Dobson's insistence on tailoring parenting to a boy's unique neurological profile provides a more targeted, if sometimes contentious, alternative.

The Role of Fatherhood in Dobson's Philosophy

A recurring subject in **Bringing Up Boys by James Dobson** is the critical role fathers play in the healthy development of boys. Dobson advocates for active, engaged fatherhood, crediting it with fostering self-esteem, social competence, and moral grounding in boys.

He warns against absentee fathers or emotionally distant paternal figures, suggesting these

gaps contribute to behavioral problems and identity issues. This emphasis aligns with research linking involved fatherhood to positive outcomes in education and emotional health.

For single mothers or families lacking male figures, Dobson encourages seeking positive male mentors, such as coaches, teachers, or family friends, to fill this vital role.

Psychological Insights and Social Implications

Dobson's analysis extends beyond individual families to broader societal concerns. He connects the challenges boys face with social phenomena like school dropouts, juvenile delinquency, and mental health crises among young males.

By addressing these issues through the lens of parenting, **Bringing Up Boys** encourages readers to consider how early childhood experiences influence long-term trajectories. The book suggests that investing in tailored parenting methods can help mitigate these risks and promote healthier, more resilient boys.

Relevance in Modern Parenting Context

In today's evolving cultural landscape, the themes explored in **Bringing Up Boys** by James Dobson remain relevant, though they must be interpreted with nuance. The growing awareness of gender diversity and the push for inclusive parenting practices challenge some of Dobson's more traditional perspectives.

Nevertheless, many of his core messages—such as the importance of emotional support, consistent discipline, and positive role models—resonate across different family structures and cultural backgrounds.

Parents seeking guidance on understanding the unique needs of boys may find Dobson's work a useful starting point, provided it is balanced with contemporary research and sensitivity to individual differences.

Bringing Up Boys by James Dobson continues to be a pivotal resource in the conversation about male child development and parenting. Its blend of psychological insights, practical advice, and cultural commentary offers a distinctive perspective that invites reflection and discussion. While not without its critics, the book's enduring popularity underscores the ongoing quest among parents to raise confident, capable, and emotionally healthy boys in a complex world.

bringing up boys by james dobson: Bringing Up Boys James C. Dobson, 2014-08-22 Sensible advice and caring encouragement on raising boys from the nation's most trusted parenting authority, Dr. James Dobson. With so much confusion about the role of men in our society, it's no wonder so many parents and teachers are asking questions about how to bring up boys. Why are so many boys in crisis? What qualities should we be trying to instill in young males? Our culture has vilified masculinity. As a result, an entire generation of boys is growing up without a clear idea of what it means to be a man. In the runaway bestseller *Bringing Up Boys*, Dr. Dobson draws from his experience as a child psychologist and family counselor, as well as extensive research, to offer advice and encouragement based on a firm foundation of biblical principles. He addresses common questions parents ask when guiding boys into manhood, such as: How are boys fundamentally different from girls? What are the father's and mother's unique roles in their son's life? How do you guide and discipline the next generation of boys to become godly men? How should you handle energetic and rambunctious behavior? Whether raising young children or teens, this is a must-read book for Christian parents, teachers, social workers, youth leaders, and counselors—anyone involved in the challenge of turning boys into good men.

bringing up boys by james dobson: Dr. James Dobson's Bringing Up Boys James C. Dobson, 2005-03-01 Parents will benefit from Dr. Dobson's decades of expertise as he shares the secrets of raising boys and answers important questions in this lively, relevant, and life-changing series. The four DVDs and accompanying workbook will equip parents with the practical understanding, dynamic biblical principles, and encouragement they need to steer the boys they care about toward confident, responsible manhood.

bringing up boys by james dobson: Six Ways to Keep the “Good” in Your Boy Dannah Gresh, Bob Gresh, 2022-07-05 This helpful resource equips you to instill integrity and honor in your son. Help him navigate the challenging tween years and beyond as you put him on the path to becoming a healthy and responsible adult. With some intentional parenting, your son can avoid the many pitfalls that prevent boys from growing into good men. Bob and Dannah Gresh share six proactive ways you can make a lasting impact in your son’s life. Get Him Outside to Play Encourage activities that spark his imagination and creativity and fulfill his God-given need for adventure. Give Him a Book So He Can Discover a Real “Call of Duty” Help him use his free time wisely and develop good discernment about what he reads, plays, and watches. Host Wing Nights and Fantasy Football Parties Let his dad be dad by giving him the freedom he needs to train and discipline his son well. Celebrate His Entrance into Manhood Prepare your son for changes to his body, his mood, and his attitude about the opposite sex. Unplug Him from a Plugged-In World Educate him early and often on the dangers of sexual sin and show him how to monitor his own media consumption. Let Him Open the Car Door for You Teach him how to be a gentleman and how to treat girls and women with kindness and respect. Good boys can grow up to be great men with a little guidance and a lot of prayer.

bringing up boys by james dobson: Rebels with Insufficient Cause J. M. Sparrow, 2018-09-19 Why are Americans of African descent, as a group, not flourishing like other racial groups in America? Dr. J. M. Sparrow, in *Rebels with Insufficient Cause*, proposes that value formation through the biblical model of the family is lacking. The secular world is redefining and reinterpreting the social structures that God created in order for humans to enjoy maximum human flourishing. Every person or social group that chooses to ignore God’s designs for humanity will experience chaos, but every person and social group that submits to God’s designs for humanity will experience order. Americans of African descent are experiencing that chaos in greater measure than any other racial group. Since this book holds to a biblical worldview that teaches that all humans are created equal, Americans of African descent are not inherently more debased than other races. However, since the out-of-wedlock birth rate is astronomically higher in black communities than in others, they are experiencing a greater share of the chaos. Yet all is not lost. When Americans of African descent begin to hold up the truths of the Bible as normative and encourage future generations to practice the same, things will begin to turn around. Americans of African descent must choose to reject the victim mentality, see themselves as part of the larger American culture rather than as outsiders, and inculcate biblical values on their children in the midst of loving, supportive, and God-honoring family units.

bringing up boys by james dobson: Starke Mütter, starke Söhne Meg Meeker, 2022-12-11 Die Verbindung von Mutter und Sohn ist eine ganz besondere, die im Laufe ihrer Entwicklung immer neuen Herausforderungen begegnet. Dabei stoßen Mütter oft an ihre Grenzen und beginnen, an sich selbst zu zweifeln. Die erfahrene Kinderärztin und Familienberaterin Dr. Meg Meeker macht Müttern Mut, zu sich selbst zu stehen, und gibt ihnen zahlreiche Tipps und Erziehungsregeln an die Hand, um eine dauerhaft glückliche und stabile Beziehung zu ihren Söhnen aufbauen zu können. Anhand von realen Geschichten aus ihrer Praxis zeigt die Autorin, was Mütter dafür tun können, damit ihre Söhne zu glücklichen, erfolgreichen Männern werden.

bringing up boys by james dobson: Countering the Claims of Evangelical Feminism Wayne Grudem, 2010-05-19 “This is the most thorough, balanced, and biblically accurate treatment of feminism and the Bible I have seen.” —Stu Weber Evangelical feminists boldly assert that male and female roles in the church are interchangeable. Society reflects the argument. But what does the Bible have to say? Wayne Grudem offers more than forty biblical responses to the most crucial questions on this topic, showing God’s equal value in men and women and why their roles in the church are complementary, not interchangeable. This to-the-point handbook is a valuable resource enabling every Christian to grasp the issues, including: • What the Bible says about the roles of men and women in marriage • Women in the church and in church leadership • Theology and the

concepts of equality, fairness, and justice • Claims that a complementarian view is harmful “No one will be able to deny the cumulative strength of the case this author makes.” —J. I. Packer “After the Bible, I cannot imagine a more useful book for finding reliable help in understanding God’s will for manhood and womanhood in the church and the home.” —John Piper

bringing up boys by james dobson: *How We Are Healed* Jeffrey Driscoll, 2007-07 A first aid resource for the deep problems people face in their lives, this text provides immediate help to the desperate reader who might be experiencing difficulty with biblical advice from a variety of sources. 184 pp. (Christian)

bringing up boys by james dobson: *Parenting with Influence* Roger Smith MD, 2022-06-12 Is Your Home a Combat Zone? Conflict between parents and their children has become the expected norm in today’s culture. Frustrated parents are often told to “just hang on” until the child either “grows out of it” or moves away. But it doesn’t have to be like this! Stop conflict with your child! Dr. Roger Smith offers you a fresh perspective with realistic hope that the parent/child relationship can be more than better—it can actually be GREAT. Shift your approach! Discover principles in this book that, if applied, will renew the relationship while setting your child on a proven path for success in life. By trading control for influence, both you and your child WIN. Enjoy your children! The best time to lay a sure foundation for a loving, lifelong relationship was when your child was in diapers. The second-best time is now. Let Dr. Smith show you how you can lighten your load, restore your smile, and begin building lasting memories TOGETHER.

bringing up boys by james dobson: Official Gazette of the United States Patent and Trademark Office , 2006

bringing up boys by james dobson: *The Logos Reader* Stephen Eric Bronner, Michael Thompson, 2006-01-01 Founded in 2002, Logos: A Journal of Modern Society and Culture was established in response to the increasing erosion of a left political culture and the new possibilities for international political engagement and cooperation produced by the Internet. Many of the best known intellectual representatives of what might be termed a rational radicalism soon served as the core group for this new online journal that has reached about four million readers. The Logos Reader brings together the most influential and controversial work to appear in the journal. In its pages, writers of exceptional stature such as Stanley Aronowitz, Ulrich Beck, Drucilla Cornell, Fred Dallmayr, Jürgen Habermas, Douglas Kellner, and Eric Rouleau articulate liberal and socialist values even as they retain theoretical viewpoints influenced by critical theory. The contributors deal with some of the most pressing political issues of our age, including transnational developments, U.S. foreign policy, the Iraqi War, the plight of the Palestinians, and the domestic concerns currently dominating American politics. With themes that speak to the most pertinent and enduring issues of a post-9/11 culture, the essays in The Logos Reader represent the best of modern liberal thought and will influence contemporary political discourse.

bringing up boys by james dobson: **Take God's Hand** Aimee Claire Cooks, 2024-08-08 When you made your marriage vows, you did not look down the road and see divorce in your future, yet here you are. You may feel like your family and your dreams have been shattered. You may feel overwhelmed dealing with your emotions as well as your children's emotions. You may wonder how you will restore a sense of normalcy to life. There is hope for your family. God is in the business of rebuilding lives. God cares about your unique circumstances. Author Aimee Claire Cooks has been where you are--divorced and raising two young sons as a single mom for many years. This book shares how to grow through your circumstances in a deeper relationship with God, how to be there for your children, and includes practical tips on how to parent as a single while rebuilding your family. Most importantly, because each story is unique, the questions at the end of each chapter will help you process your own story.

bringing up boys by james dobson: *We Promise* Daniel Loosenort, Penny Loosenort, 2011-09 Now, after more than thirty years of successful marriage, filled with lessons learned and God-led guidance, Reverend Dr. Daniel and Penny Loosenort have come together to write the ultimate marriage handbook, *We Promise*. In this detailed and educational manual, you'll find the secrets to a

healthy, happy, and faith-filled relationship with your spouse. Featuring eighteen foundational stones, such as honoring one another, learning the roles of each spouse, conflict resolution, and financial advice, couples will be prepared for any life circumstance or season that could potentially go awry with We Promise. Using biblical resources and scripture, you and your spouse will be able to write and formulate a detailed promise to one another to become an active participant in marriage instead of a passive spectator. Whether you've become engaged, you've just tied the knot, or you've been in the trenches for years, We Promise will benefit any couple looking to improve their marriage and build a firm foundation that will last a lifetime.

bringing up boys by james dobson: First Time Dad John Fuller, 2011-05-01 Perhaps the most powerful influence in the world is that of a dad on his child. Baseball gloves, dirty diapers, tiny little hands, first days of school, daddy-daughter dances, and learner's permits... and so much more! There's no way you can be ready for it all, but this is when you need to get a bit of a head start... First Time Dad by Focus on the Family ministry veteran (and father of 6) John Fuller lets you in on the stuff you really need to know... because in just a few months or weeks or days, your life is going to change--forever. Set good priorities. Break bad habits and/or family patterns. Recognize and recover from some common fathering mistakes. Know that your words have immense power. And learn how to cultivate a lasting parent-child relationship. So, instead of wondering oh man, oh man, oh man... what am I going to do now? for 9 months... read this short book (plus it's pretty fun too) and get excited! Dad, your job is critical... And you can do it.

bringing up boys by james dobson: Jesus and John Wayne: How White Evangelicals Corrupted a Faith and Fractured a Nation Kristin Kobes Du Mez, 2020-06-23 NEW YORK TIMES BESTSELLER The "paradigm-influencing" book (Christianity Today) that is fundamentally transforming our understanding of white evangelicalism in America. Jesus and John Wayne is a sweeping, revisionist history of the last seventy-five years of white evangelicalism, revealing how evangelicals have worked to replace the Jesus of the Gospels with an idol of rugged masculinity and Christian nationalism—or in the words of one modern chaplain, with “a spiritual badass.” As acclaimed scholar Kristin Du Mez explains, the key to understanding this transformation is to recognize the centrality of popular culture in contemporary American evangelicalism. Many of today’s evangelicals might not be theologically astute, but they know their VeggieTales, they’ve read John Eldredge’s Wild at Heart, and they learned about purity before they learned about sex—and they have a silver ring to prove it. Evangelical books, films, music, clothing, and merchandise shape the beliefs of millions. And evangelical culture is teeming with muscular heroes—mythical warriors and rugged soldiers, men like Oliver North, Ronald Reagan, Mel Gibson, and the Duck Dynasty clan, who assert white masculine power in defense of “Christian America.” Chief among these evangelical legends is John Wayne, an icon of a lost time when men were uncowed by political correctness, unafraid to tell it like it was, and did what needed to be done. Challenging the commonly held assumption that the “moral majority” backed Donald Trump in 2016 and 2020 for purely pragmatic reasons, Du Mez reveals that Trump in fact represented the fulfillment, rather than the betrayal, of white evangelicals’ most deeply held values: patriarchy, authoritarian rule, aggressive foreign policy, fear of Islam, ambivalence toward #MeToo, and opposition to Black Lives Matter and the LGBTQ community. A much-needed reexamination of perhaps the most influential subculture in this country, Jesus and John Wayne shows that, far from adhering to biblical principles, modern white evangelicals have remade their faith, with enduring consequences for all Americans.
