zachary davis police interview: *I Got a Monster* Baynard Woods, Brandon Soderberg, 2020-07-21
The explosive true story of America's most corrupt police unit, the Gun Trace Task Force (GTTF), which terrorized the city of Baltimore for half a decade. When Baltimore police sergeant Wayne Jenkins said he had a monster, he meant he had found a big-time drug dealer—one that he wanted to rob. This is the story of Jenkins and the Gun Trace Task Force (GTTF), a super group of

dirty detectives who exploited some of America's greatest problems: guns, drugs, toxic masculinity, and hypersegregation. In the upside-down world of the GTTF, cops were robbers and drug dealers were the perfect victims, because no one believed them. When the federal government finally arrested the GTTF for robbery and racketeering in 2017, the stories of victims began to come out, revealing a vast criminal enterprise operating within the Baltimore Police Department. Cops planted heroin to cover up a fatal crash that resulted from a botched robbery. They stole hundreds of thousands of dollars, faked video evidence, and forged a letter trying to break up the marriage of one of their victims to keep his wife from paying a lawyer. And a homicide detective was killed the day before he was scheduled to testify against the crooked cops. *I Got a Monster* is the shocking history of the rise and fall of the most corrupt cops in America from Baynard Woods and Brandon Soderberg.

zachary davis police interview: *When the Crowd Didn't Roar* Kevin Cowherd, 2019-04-01 The date is April 29, 2015. Baltimore is reeling from the devastating riots sparked by the death in police custody of twenty-five-year-old African American Freddie Gray. Set against this grim backdrop, less than thirty-six hours after the worst rioting Baltimore has seen since the assassination of Martin Luther King in 1968, the Baltimore Orioles and the Chicago White Sox take the field at Camden Yards. It is a surreal event they will never forget: the only Major League game ever played without fans. The eerily quiet stadium is on lockdown for public safety and because police are needed elsewhere to keep the tense city from exploding anew. *When the Crowd Didn't Roar* chronicles this unsettling contest—as well as the tragic events that led up to it and the therapeutic effect the game had on a troubled city. The story comes vividly to life through the eyes of city leaders, activists, police officials, and the media that covered the tumultuous unrest on the streets of Baltimore, as well as the ballplayers, umpires, managers, and front-office personnel of the teams that played in this singular game, and the fans who watched it from behind locked gates. In its own way, amid the uprising and great turmoil, baseball stopped to reflect on the fact that something different was happening in Baltimore and responded to it in an unprecedented way, making this the unlikeliest and strangest game ever played.

zachary davis police interview: *Reasonable Doubt* Peter Manso, 2017-12-19 In January 2002, forty-six-year-old Christa Worthington was found stabbed to death in the kitchen of her Cape Cod cottage, her curly-haired toddler clutching her body. A former Vassar girl and scion of a prominent local family, Christa had abandoned a glamorous career as a fashion writer for a simpler life on the Cape, where she had an affair with a married fisherman and had his child. After her murder, evidence pointed toward several local men who had known her. Yet in 2005, investigators arrested Christopher McCowen, a thirty-four-year-old African-American garbage collector with an IQ of 76. The local headlines screamed, 'Black Trash Hauler Ruins Beautiful White Family' and 'Black Murderer Apprehended in Fashion Writer Slaying,' while the sole evidence against McCowen was a DNA match showing that he'd had sex with Worthington prior to her murder. There were no fingerprints, no witnesses, and although the state medical examiner acknowledged there was no evidence of rape, after a five-week trial -- replete with conflicting testimony and accusations of crime scene contamination -- McCowen was condemned to three lifetime sentences with no parole. Rarely has a homicide trial been refracted so clearly through the prism of those who engineered it. Bestselling author and biographer Peter Manso dug deep into the case, and the results were explosive. The Cape DA indicted the author, threatening him with fifty years in prison. In this exhaustively researched and vividly accessible book, Manso bares the anatomy of a horrific murder, a botched investigation rife with bias, and one of the most grossly unjust verdicts in modern trial history.--Page 4 of cove

zachary davis police interview: When Protest Becomes Crime Carolijn Terwindt, 2019-12-20 How does protest become criminalised? Applying an anthropological perspective to political and legal conflicts, Carolijn Terwindt urges us to critically question the underlying interests and logic of prosecuting protesters. The book draws upon ethnographic research in Chile, Spain, and the United States to trace prosecutorial narratives in three protracted contentious episodes in liberal democracies. Terwindt examines the conflict between Chilean landowners and the indigenous Mapuche people, the Spanish state and the Basque independence movement, and the United States' criminalisation of 'eco-terrorists.' Exploring how patterns and mechanisms of prosecutorial narrative emerge through distinct political, social and democratic contexts, Terwindt shines a light on how prosecutorial narratives in each episode changed significantly over time. Challenging the law and justice system and warning against relying on criminal law to deal with socio-political conflicts, Terwindt's observations have implications for a wide range of actors and constituencies, including social movement activists, scholars, and prosecutors.

Case Closed: A Pulitzer Prize finalist and New York Times bestseller, Case Closed is a vivid and straightforward account that stands as one of the most authoritative books on the assassination of John F. Kennedy. Drawing from official sources and dozens of interviews, filled with powerful historical detail, and including an updated comment for the fiftieth anniversary, Posner's "utterly convincing" book lays to rest all of the convoluted conspiracy theories—concerning the mafia, a second shooter, and the CIA—that have obscured what really happened in Dealey Plaza on November 22, 1963 (Chicago Tribune). "By far the most lucid and compelling account . . . of what probably did happen in Dallas—and what almost certainly did not." —The New York Times Book Review Killing the Dream: On April 4, 1968, Martin Luther King Jr., was killed in Memphis, Tennessee, by a single assassin's bullet. James Earl Ray was seen fleeing from a rooming house that overlooked the hotel balcony where King was shot. An international manhunt ended two months later with Ray's capture. Though Ray initially pled guilty, he quickly recanted and for the rest of his life insisted he was an unwitting pawn in a grand conspiracy. In Killing the Dream, expert investigative reporter Gerald Posner cuts through phony witnesses, false claims, and a web of misinformation to put Ray's conspiracy theory to rest and disclose what really happened the day King was murdered. "A superb book: a model of investigation, meticulous in its discovery and presentation of evidence, unbiased in its exploration of every claim. And it is a wonderfully readable book, as gripping as a first-class detective story." —The New York Times

zachary davis police interview: Killing the Dream Gerald Posner, 2013-04-16 A deep dive into James Earl Ray's role in the national tragedy: "Superb . . . a model of investigation . . . as gripping as a first-class detective story" (The New York Times). On April 4, 1968, Martin Luther King Jr. was killed in Memphis, Tennessee, by a single assassin's bullet. A career criminal named James Earl Ray was seen fleeing from a rooming house that overlooked the hotel balcony from where King was cut down. mastermind. Beginning with an authoritative biography of Ray's life, and continuing with a gripping account of the assassination and its aftermath, Posner cuts through phony witnesses, false claims, and a web of misinformation surrounding that tragic spring day in 1968. zachary davis police interview: After the Dream Timothy J. Minchin, John A. Salmond, 2011-02-14 Martin Luther King's 1965 address from Montgomery, Alabama, the center of much racial conflict at the time and the location of the well-publicized bus boycott a decade earlier, is often considered by historians to be the culmination of the civil rights era in American history. In his momentous speech, King declared that segregation was on its deathbed and that the movement had already achieved significant milestones. Although the civil rights movement had won many battles in the struggle for racial equality by the mid-1960s, including legislation to guarantee black voting rights and to desegregate public accommodations, the fight to implement the new laws was just starting. In reality, King's speech in Montgomery represented a new beginning rather than a conclusion to the movement, a fact that King acknowledged in the address. After the Dream: Black and White Southerners since 1965 begins where many histories of the civil rights movement end, with King's triumphant march from the iconic battleground of Selma to Montgomery. Timothy J. Minchin and John Salmond focus on events in the South following the passage of the 1964 Civil Rights Act and the 1965 Voting Rights Act. After the Dream examines the social, economic, and political implications of these laws in the decades following their passage, discussing the empowerment of black southerners, white resistance, accommodation and acceptance, and the nation's political will. The book also provides a fascinating history of the often-overlooked period of race relations during the presidential administrations of Ford, Carter, Reagan, and both George H. W. and George W. Bush. Ending with the election of President Barack Obama, this study will influence contemporary historiography on the civil rights movement.
